July 2020

PROFILE

I am a Junior Software Engineer with strong Front End and Back End skills. An excellent team player with an eye for detail. A self-motivated individual who can work as part of a team with a good sense of humour or on his own using his initiative. I want to work in an environment where I could grow and enrich my skill sets.

WORK EXPERIENCE

APPLICATION DEVELOPER

September 2021

Capstone - Helpage - Strive School

The primary purpose of this project is to tackle the climate change crisis and make the world a better place for future generations. This app allows users to connect with others in their community and share used goods. In this way, it reduces the number of products that go to landfills each year.

GENERAL ASSISTANT

January 2022 - Present

Irish Wheelchair Association Retail

Assist customers || Manage Social Media page || Photograph products and list them online || Reply to customers' enquiry || Respond to customers' calls || Serve customers in till || Design and print stickers for the shop || Assemble and disassemble furniture || Help with loading and unloading
